Country Mansion

By: Avery Ohlendorf

My grandpa Bob owns The Country Mansion. They have great food and lots of room for special occasions. Last year my classmates got to eat at The Country Mansion on a field trip.

The Country Mansion serves a wide variety of food. They serve steak, fish, chicken, and pork. Currently they are serving authentic German food. You can also get pasta, like spaghetti, and my favorite Fettuccini Alfredo!

My grandpa also hosts weddings. The weddings are sometimes held outside by the gazebo. In the winter, the weddings are usually inside. Once, my brother and I got to help serve at a wedding. We even got our own Country Mansion t-shirts. It was fun working at a wedding!

In third grade, my class took a walking field trip. We went all around Dwight. Our field trip ended with the entire third grade having lunch at The Country Mansion. We got to sit outside to eat on the new patio. The setting was nice. We were surrounded by flowers and there was even music playing. We ate chicken strips and French fries. We drank pink lemonade. It was really cool to show my classmates my grandpa's home and restaurant.

Being a New Kid

By: Logan Deacetis

This is my first year at this school...that makes me a new kid. Sometimes being new can be scary, but I was lucky to know some of the kids from playing sports with them before I came here.

The classroom here is very cool. The school I came from only had three other kids in class, besides me. Here we have a lot, and I get to do a lot of new things like play with different kids at recess and lunch.

BUGS

By: Tre Bowman

We are doing a project on bugs! We have to find bugs and then put them on cardboard. This project is due Monday. There are many steps involved.

The first step is to use cardboard if you are finding real bugs. You will use poster board if you are using illustrations instead.

The second step is to put a title on your poster. It should be "Invertebrates and Insects". It should be colorful.

The third step is that it should be done neatly. Overall the poster should be done so that everyone can read it and it looks nice.

The fourth step is collecting the bugs. You need to have at least 20 different insects. The more the better! You can earn 15 additional points by collecting more bugs. The more unusual the better! The bigger the better too!!!

The fifth step is labeling and spelling. The title and all the bug names must be spelled right. Every bug must have a label telling what kind of bug it is.

I can't wait to see everyone's project on Monday!!!

Michigan and the Beautiful Cabins

By: Lilli Groves

Michigan is a beautiful place! I know this because my family has a cabin there. We go there several times each year. It's fun because it takes a while to drive there and there's a lot to see on the way.

My favorite time of year to visit our cabin is summer. When we are there, I like to swim, take walks, go fishing, and go boating. When we swim there is a cool raft that we swim out to---that's my favorite part!

My second favorite time to visit is in the fall. I like it because I help my dad rake the leaves. We are also able to do a lot of the same things we do in the summer.

We also visit in the winter sometimes. When we go there we go sledding and ice-skating. My dad says that maybe sometime we could go snowmobiling.

I really like going to our cabin. It's a nice place to visit and have fun!!!
